

## Whatcom Rowing Association | 2023 Youth Spring Season

### PROGRAM OVERVIEW AND EXPECTATIONS

High School Spring Season dates: February 6th - May 22nd

Middle School Spring Season dates: March 7th - April 27th

WHATCOM ROWING

There will be no practice on BPS “Purple Friday’s” or Holidays:

- February 20th, March 10th

Our programs incorporate a mix of on-water rowing, cross training, team building, and more. Middle School programs will be fun-focused, emphasizing the basics of the stroke and teamwork. Our High School Programs will be gradually geared more towards skill development and physical fitness, depending on experience. We have need-based financial aid available through the GPRF, which you can apply for via our website. Payment plans are also available during the registration process.

As rowing lineups are typically planned by coaches ahead of time, all athletes are expected to show up on time on their designated days of practice. Any absences must be communicated to a coach at least 1 hour prior to the start of practice. We are in full support of taking time off for illness, school commitments, and mental health reasons, and we encourage our athletes to be open and honest with their coaches about their needs as individuals.

## COMPETITION

Any High School athlete who attends at least 80% of scheduled practices are eligible to participate in competition. Race line-ups will be based on a combination of factors, including but not limited to technique, fitness, attendance, commitment, coachability, and attitude. Line-ups will be selected by the coaches.

Based on USRowing Novice eligibility rules, and the categories of events offered at most regattas, we do not offer formal competition opportunities for Middle School Athletes. However, we will have informal scrimmage opportunities for all ages.

Fall racing is characterized by regattas called “Head Races,” which are longer in length and demand more cardiovascular fitness. Head races are typically between 4,000 and 6,000 meters in length, or roughly 2.5-3.75 miles long. Head race courses often contain multiple turns around corners or landmarks, and can take anywhere between 15 - 30 minutes to complete based on the length of the race and speed of the crew.

Attached is a copy of the full fall calendar including regattas, no practice days, and extracurricular activities.

## FREQUENTLY ASKED QUESTIONS

- ***What should I wear to practice?***

Athletes should wear snug-fitting clothes that are preferably moisture-wicking. Spandex and sport-tek materials and similar materials work best. Avoid overly loose or baggy clothing, as these clothes are likely to get caught in the equipment as you row. Also try to avoid anything that impedes your range of motion, like denim and other restrictive materials. JL Racing offers great rowing-specific options, and athletic brands like Nike and Adidas are good catch-all brands for the type of clothing rowers can wear.

- ***What should I bring with me to practice?***

Your one critical piece of equipment is your water bottle! Make sure to bring this every day. To be further prepared, try to bring extra layers to row in, as your clothes may get wet or it may be colder than you anticipated on the water.

- ***What types of shoes should I wear?***

When rowing, you will remove your shoes and strap in to the built-in shoes in the boat. However, on land days or in the event of bad weather, we may be running or doing other physical activities that require adequate footwear. In other words, please always bring a set of appropriate athletic sneakers, even if you don't arrive wearing them.

- ***When should I arrive to practice?***

We encourage athletes to arrive at least ten minutes before practice officially begins. You should be dressed and ready to work out when you arrive so that we can maximize our practice time.

- ***I'm a parent of a WRA athlete. Can I watch my athlete practice?***

Rowing is a unique and beautiful sport. When conditions and room allows we would be happy to take you out on the launch during a practice. Contact your athletes coach to coordinate a ride-along. Please note that circumstances and room on the launch may change at the last minute and we may no longer have room as safety is and always will be our number one priority.

- ***Do you have uniforms? Yes!***

Uniform and gear options will be available for purchase in early fall. Athletes may compete in either a Uni or a Racing Tank. Athletes who require financial assistance are encouraged to apply for financial aid through our website.

- ***Can I bring a friend to practice?***

We have an open door policy at RRC, and we welcome age-appropriate guests to attend with advance notice. Guests may attend for free for 1 session, and will need to have their waivers and forms completed upon arrival to practice.
